Re: Application for Change under Ground Water Certificate No. 120-D(H)

Dear Ms. Jenkins:

In response to your request, you are hereby granted an extension to complete construction for the reason(s) below:

According to your request, financial hardships have prevented you from completing construction of the project in the time allotted. It appears you have made minimal progress in completing your project. Be advised that the State Water Code requires that your project be pursued with diligence and does not allow, through the permitting process, the reservation of water for use at an unspecified time in the future. It is important that construction of your project be completed within the time prescribed in the authorization. Your request is for a reasonable and short period of time. We will grant you an additional year to complete your project.

The new deadline to submit your *Construction Notice* is **September 1, 2012**.
